DRUG EDUCATION

POLICY AND PROCEDURES

POLICY STATEMENT

Our School exists to provide the focus for our children to develop to their full potential, both as individuals and as members of the school and wider community in a secure, caring and happy environment. Children, parents, school staff and governors work in partnership for the benefit of all.

As a school, we seek continually to enrich the lives of those entrusted to our care through a broad and balanced curriculum, designed to meet the needs of each child, enabling them to acquire the skills, attitudes and values necessary for life. By regular review, we evaluate progress and develop strategies on the basis of sound educational practice and moral values.

“A drug is defined as any substance which, when taken into the body, affects the chemical composition of the body and how the body functions.”

Our school operates a smoke free site and takes the matter of illegal drugs very seriously as part of our Healthy School programme. We are aware of the increasing problem of drug misuse throughout the country and within our community. Our school will play a full part in contributing to efforts across our community to reduce drug misuse. To this end, we are committed to working with our parents. We will ensure parents are informed about their children’s drug education, the school rules in relation to drugs and have the opportunity to be consulted about the school’s policy and teaching programme.

Purpose:

- For the school community to develop the knowledge, skills and attitudes to appreciate the benefits of a healthy lifestyle, promote responsibility towards the use of drugs and relate these to their own actions, both now and in their future lives.

IMPLEMENTATION

The learning objectives for drug and alcohol education include:

Attitudes and Values.

- to examine own opinions and values, and those of others
- to promote a positive attitude to healthy lifestyles and keeping self safe
- to enhance self awareness and self esteem
- to value and respect self and others
- to value diversity and difference within society
- to promote a sense of responsibility towards the use of drugs

Personal and Social Skills

- to identify risks to health

- to communicate with peers and adults, including parents/carers and professionals
- **to learn how to give and secure help**
- to develop decision-making, negotiation and assertiveness, particularly in situations related to drug use
- to develop an appreciation of the consequences of choices made
- to be able to cope with peer influences, and in resisting unhelpful pressures from adults and the media
- to make choices based on an understanding of difference and with an absence of prejudice
- to be able to talk, listen and think about feelings and relationships
- to develop critical thinking as part of decision-making

Knowledge and Understanding

- to develop an understanding of drugs and of the effects and risks of using drugs
- to gain an understanding of how the body functions
- to gain an understanding of what is safe and appropriate drug use
- to gain an understanding of the role of drugs in society and the laws and rules relating to their use
- to gain knowledge of people who can help if pupils have worries and an understanding of confidentiality
- to gain an understanding of the changing nature of relationships, including families and friends, and ways of dealing positively with change.

The organisation of the drug education curriculum.

The Health and PE Co-ordinator is Dale Beane. This role includes: planning the drug education curriculum, monitor its delivery, co-ordination of assessment and reporting to parents.

A variety of teaching and learning approaches are used together with carefully selected teaching materials.

EVALUATION

This policy will be reviewed as part of the school's annual review cycle.
