## **First Aid Management**

If there is a situation or incident which occurs at school or a school activity which requires First Aid to be administered to a student:

- Staff who have been trained in First Aid will administer First Aid in accordance with their training. In an emergency situation, other staff may assist in the administration of First Aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If First Aid is administered for a minor injury or condition, Warrnambool West Primary School will notify parents/carers by sending an incident note home or, if deemed necessary a phone call to parents/carers.
- If First Aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing First Aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever First Aid treatment has been administered to a student Warrnambool West Primary School will:
  - record the incident on CASES21
  - if First Aid was administered in a medical emergency, report the incident to the Department’s Security Services Unit on 03 9859 6266.

In accordance with guidance from the Department of Education and Training, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard First Aid treatments. This is because they can mask signs of serious illness or injury.
